MATH SCIENCES GRADUATE STUDENT TRANSFER COURSE FORM

Students and advisors should first read the University guidelines for transfer courses, found on the Graduate School Website

Also from that website:

Procedure for student: To have courses considered for transfer, students must discuss their plan to use specific courses from other institutions with their major advisor and/or advisory committee. Within the guidelines established by the Graduate School, the advisory committee will identify courses acceptable for transfer and will record these courses on the student's Plan of Study, Form GS2. The student must then have an official transcript sent from the institution(s) where credit was earned to the Office of Enrolled Student Services, 104D Sikes Hall. Only when courses have been verified by Enrolled Services to meet all Graduate School requirements will they be approved for application toward the degree.
