Clemson University, Clemson, SC, USA

LOGISTICS INFORMATION FOR PARTICIPANTS

HISTORY¹

Clemson University was established in 1889. Thomas Green Clemson left the Fort Hill plantation and a large part of his personal estate to establish what would become Clemson University.

Originally an all-male military school, Clemson Agricultural College opened in July 1893 with 446 students. Clemson became a coeducational institution in 1955 when the college moved to “civilian” status for students. Expanded academic offerings and research pursuits led the way for the college to be renamed Clemson University in 1964.

Clemson has over 22,600 students in attendance both in undergraduate and graduate programs. The Current President as of December 31, 2013 is James P. Clements.

When choosing which airport to fly to/from, consider cost of ground transportation to/from airport as well as your time to determine the true cost of your transportation.

Greenville- Spartanburg International Airport (GSP)

We strongly recommend flying into Greenville- Spartanburg International Airport. Costs could be lower overall when factoring in rental car from some other airports such as Hartsfield Jackson International Airport (ATL) in Atlanta or Charlotte Douglas International Airport (CLT) in North Carolina.

The campus is located approximately 1 hour from GSP Airport. Transportation companies such as Uber and Lyft are available at the airport. Several rental car services are available as well.
