

GPA WORKSHEET

GPA Hours

Quality Points

Current GPA

Divide quality points /GPA hours = GPA

<i>Current Semester Courses</i>	<i>credits</i>	<i>X</i>	<i>projected grade</i>	<i>=</i>	<i>Quality points</i>
_____	_____	X	_____	=	_____
_____	_____		_____		_____
_____	_____		_____		_____
_____	_____		_____		_____
_____	_____		_____		_____
_____	_____		_____		_____
_____	_____		_____		_____
_____	_____		_____		_____

Current Semester Total _____

Add totals from above	+ _____ (GPA hours)	+ _____ (Quality points)
------------------------------	------------------------	-----------------------------

TOTAL _____

*Divide total quality points /GPA hours for projected **cGPA* _____

Grade Points (per credit, multiply # credits X grade pts. for the grade earned to determine total grade points per course)

A=4 B=3 C=2 D=1 F=0

**** Cumulative Grade Point Average**
