Special notes:

AAH 1020 and AAH 2100, Gen Ed requirements, can serve for dual use under certain catalogue years.

Please confirm with your regular academic advisor whether courses that are required in your major can be used to meet requirements in the minor. CHECK YOUR CATALOGUE year to confirm any other relevant details. In Architecture cases, AAH 1010 or AAH 1020 can count toward the Art minor, but ARCH 2040 cannot.

In the case of Architecture majors who have significant design coursework which meets the course equivalent of ART 1030, they may substitute an additional ART 2000 level course or the ART 1050 Foundation Drawing, ART 1510/ART 1520 Foundations in Visual Art, or ART 1550 Digital Art Foundations courses for the ART 1030 requirement. A course substitution request will need to be filed.

Art Minors must declare the minor through iRoar, and then contact the Department of Art to waitlist for desired ART classes after the BFA/BA Art majors have been satisfied. Class offerings are limited by facilities and faculty resources.

NOTE #1: Nine credits at the 3000/4000 level are not required for a minor in Art, as approved by the University Undergraduate Curriculum Committee, 2010. [Email from Jeff Appling, Associate Dean of Undergraduate Studies, Tuesday, February 16, 2016 at 10:25 AM]
