

Activity 8: Urban Streetscape

 Published**LARC 2140 | 8140 Plants in the Landscape****Activity 8: Urban Streetscape**

Instructor Lara Browning

Fall 2022

Due: Sunday, Nov. 13th at 11:59pm

20 points

Urban environments can create challenging planting conditions. Common problems include air pollution, compacted soil, small planting beds, and lack of watering. Identify and select proper plants for the attached streetscape plan. Identify the plants on L01 and L02 (leader lines are already in place) and create a plant legend (botanical name, common name and quantity) for your plan. Please upload your final documents as pdfs.
