

Interdisciplinary Design and Research

Exercise 2- Precedent Study- 2021

Task: To research, document, and present the assigned precedent landscape. Research should address at a minimum:

1. Where is it?
2. Who designed it?
3. When was it built?
4. What is the size/scale?
5. What is the Mission? This can be explicitly stated or derived by you.
6. What is the landscape's reach and influence?
 - a. Local?
 - b. Regional?
 - c. National?
 - d. Global?
7. Experience and how it promotes the Mission and Influence of the landscape/organization.

Deliverable: One (1) 24"x36" Diagram/Ideogram that communicates graphically (at a minimum):

1. Mission
2. Experience
3. Scale/Size
4. Reach/Influence

The Sheet/Board should also contain a 100-250 word description.

Learning Objectives:

1. To practice researching and organizing objective and subjective data related to landscapes
2. To practice effectively communicating data graphically
3. To better understand the concept of mission and how that mission can be promoted through experience.
