Howell Rusk Dodson Architects, a mid-sized firm, is currently seeking a dedicated and creative team member for immediate opportunities as an intern architect. With over 105 years of continuous business, HRD is considered to be one of the most established firms in the Southeast. While maintaining a strong focus on healthcare based projects, HRD also works in telecommunication, government and retail work.

Responsibilities:

- Revit model setup and development through all phases of the design/construction process
- Individuals should have familiarity with, but not limited to:
  - Modeling
  - Exterior/Interior Rendering
  - Drawing setup and revision (Plans, Sections, Elevations, and Details)
  - Coordination of documents
- Individuals should have a strong understanding of Adobe Creative Suite (Photoshop, Illustrator, InDesign, and Acrobat Pro)
- Exterior/Interior Renderings
- Presentation drawings/visuals
- Diagrams, Site Plans and other Project deliverables

Key Skills and Attributes:

- Proficiency in Revit, AutoCAD and Adobe Creative Suite
- Organization is key; more often than not, your workload will involve more than one project with varying, and sometimes conflicting, deadlines
- Team Player; works well in a team environment and is also self-motivated and task-oriented
- Excellent communication skills

Requirements:

- Bachelor or Master’s degree in Architecture is required from an accredited program
- Portfolio of recent work
- Recent grad or 0 to 3 years’ experience, healthcare experience preferred
- Strong written and verbal communications skills
- Proficient in Revit, AutoCAD, 3D and Adobe Programs

Benefits:

- Full benefits package
- Hands on learning opportunities for growth and professional development
- Study materials and exam compensation provided for licensure
- Direct contact with project teams, internally and with consultants
- Casual atmosphere with flexibility

Salary is determined based upon experience.
