The Falls

Description of the Falls

- One of the largest falls on the CEF
- 15 to 20 feet high
- 30 to 35 feet wide
- Large pool at the bottom with a big rock

Description of the Surrounding Area

- Parking area is small
- Trail to the falls is narrow with tall vegetation
- Trees surround the falls
- Excellent place to picnic

Directions to Todd Creek Falls

- Take highway 93 for about 4.5 miles heading towards Central
- Take a left onto Watkins Street
- Make a left onto Madden Bridge Road and then an immediate right onto Maw Bridge Road
- Continue on Maw Bridge Road for about 3.5 miles

Directions to Todd Creek Falls (continued)

- Make a left onto Brookbend Road
- After 0.6 miles, there will be a small bridge
- Pull off directly before the bridge and park
- There is a small path heading into the vegetation

Directions to Todd Creek Falls (continued)

- Follow the path downstream for about 10 minutes
- Todd Creek Falls is large and can be seen from the main trail
- There is a small path that leads to the pool at the bottom of the falls
