RELEASE OF CULTIVAR OR GERMPLASM

Release of _____
(*Cultivar name or identifying number*)

1. Breeder-originator prepares release proposal and data and submits to the chair of the Clemson University Crop Variety Recommendation & Release Committee.

Breeder/originator

Date

3. Chair of Crop Variety Recommendation & Release Committee circulates proposal to committee members for comments and recommendation. Depending on nature of comments and recommendations, chair (choose between 1 or 2):

(1) forwards release proposal to Director of Experiment Station (ES)
with recommendation that proposal be approved (send to 104 Barre Hall)

(2) returns proposal to breeder-originator for revision.

Chair

Date

4. Director of Experiment Station signs form 81-4. ES office distributes copies to breeder-originator and chair of Crop Variety Recommendation & Release Committee.

Director, ES

Date

5. Breeder-originator prepares ES form 81-5 for transfer of seed to South Carolina Foundation Seed Association.
