**Please note:**

Currently, recognized student organizations may use fields and facilities without charge for events that do not involve participation by persons from outside Clemson University and for which there is no fundraising by way of charges (entry rates, participation rates, etc.) or donations. For events that do not meet these criteria, Student Organization rental rates will apply.

Rental rates are assessed for the time period the organization has exclusive use of the facilities or fields that were reserved; this time period ranges from event setup until conclusion and includes time to meet all obligations for cleanup as indicated in the rental agreement and/or supplemental information provided to the organization.

**Event Staff:** Organizations will be assessed an administration rate to cover the cost of staff for events scheduled at times other than regular operation hours. For safety and security reasons, the Department of Campus Recreation reserves the right to assign event attendants to events.

**Lifeguards:**

Lifeguards employed by Campus Recreation are required for all events that include swimming in the lap pool at Fike Recreation Center.

**Tarping Staff:** A floor covering—provided by the Campus Recreation (see rate above)—is required for the Club and Main Basketball Gyms when used for activities or events that could result in damage to the floors. Campus Recreation staff will deliver, lay and pick up all tarps.

**Custodial Staff and Cleanup Rates:** One or more contracted custodians may be required to provide cleanup during a scheduled event dependent upon the activity, expected participation and presence of food and/or drink. Additional cleanup rates will be assessed for groups that assume responsibility for cleanup but fail to meet their obligation.

**Out-of-Hours Rates:** For reservations approved outside of regular operation hours, additional fees will be assessed.

**Repair or Replacement Rates:** Organizations and groups are responsible for all costs associated with the repair or replacement of equipment or property that is damaged as a result of their use of Campus Recreation facilities and fields.
