

**Clemson Nursing Curriculum Worksheet  
Transfer Students  
Curriculum Year 2018-2019**

To determine how your college credits will transfer to Clemson, please use the Clemson Transfer Equivalency List (TCEL) at this link: <https://www.clemson.edu/admissions/tcel/>.

**Please indicate on the worksheet courses completed and the semester you plan to complete any remaining prerequisites.**

Name: \_\_\_\_\_

GPR: \_\_\_\_\_ # of Science/Math Complete:  Date: \_\_\_\_\_

**Please indicate on the chart below your progress in the Nursing curriculum:**

Prerequisite Courses	Complete	Semester	Where?
BIOL 1030/1050 (4 cr.) or BIOL 1100 (5 cr.)			
CH 1010 (4 cr.)^			
BIOL 2220 (4 cr.)			
BIOL 2230 (4 cr.)			
MICR 2050 or MICR 3050 (4 cr.)			
STAT 2300 (3 cr.)^			
ENGL 1030 (3 cr.)			
Literature Requirement* (3 cr.)			
Humanities (non-literature) (3 cr.)*			
Cross Cultural Awareness (3 cr.)*			
Elective (6 cr.)**			
PSYC 2010 (3 cr.)			
SOC 2010 (3 cr.)			
COMM 1500 or 2500 (3 cr.)			

\*See General Education Requirements in Undergraduate Announcements:  
<https://www.registrar.clemson.edu/html/catalog.htm>.

\*\*Elective: If a student completes both the Humanities non-literature and the Humanities cross cultural with one course, then student will need to complete another course of their choosing as a 3 credit hour elective.

^CH 1010 is the required chemistry course. Students may NOT take CH 1050 or CH 1060 to satisfy the chemistry requirement.

^A Clemson Math Placement Test (CMPT) score of 60 or better is required to enroll in CH 1010 & a score of 65 or better is required to enroll in STAT 2300. Students earning less than a score of 65 on the CMPT will be required to take pre-requisite MATH courses according to the score placement to get to the required STAT 2300 course. Transfer students presenting appropriate math credit(s) will be required to re-take appropriate math courses to their CMPT score placement to progress in Nursing.

^STAT 2300 is the required math course for Nursing majors. There have been recent changes in math courses, specifically statistics. Students are encouraged to consult the math website for more information:  
[http://people.clemson.edu/~ehpfer/Undergrad\\_Statistics/Stat\\_FlowChart.html](http://people.clemson.edu/~ehpfer/Undergrad_Statistics/Stat_FlowChart.html).

CPSC 1200 cannot be substituted for NURS 1400 for students enrolled in the traditional BSN program.

MICR 2050 is only offered in the Fall semester. MICR 3050 may be substituted for MICR 2050.

BIOL 2220 is only offered in the Fall, and BIOL 2230 is only offered in the Spring.

BIOL 1100 may substitute for BIOL 1030/1050. BIOL 1040/1060, 1210, 1220, 1230, and 1110 are not acceptable substitutions. BIOL 1030/1050 & BIOL 1100 are only offered in the Fall at Clemson.

ENGL 3140/3040/3150 requires 60 credits earned for registration at Clemson University. Students should wait and take the course as part of the first semester clinical in the spring of their junior year, especially if scholarship requirements require taking 15 or more credit hours each semester.

NURS 1400 and/or NURS 3330 will complete the student's science and technology in society (STS) requirement.
