For the sixth year in a row, Camp Rise Above is providing life-changing camp experiences to children with serious illnesses, diseases and life challenges.

These two-day sessions held at James Island County Park in June and July are provided at no cost to families, and give children a chance to learn new skills, make friends with similar challenges, and identify with their strengths instead of their illness.

2018 Camp Sessions

- **June 11 & 12** - Children with Asthma
- **June 14 & 15** - Children with Craniofacial Differences
- **June 18 & 19** - Children with Heart and Kidney Diseases
- **June 21 & 22** - Children with Sickle Cell
- **June 25 & 26** - Children with Brain Tumors and their siblings
- **June 28 & 29** - Children with Epilepsy, Tourette’s, and TBI
- **July 9 & 10** - Children with Down Syndrome
- **July 12 & 13** - Children with Cerebral Palsy
