Civil Engineering Curriculum Worksheet 2016-2017

Note: Civil Engineering students may neither enroll in nor receive credit for any CE or EM course unless they have a 2.0 engineering grade-point ratio.

Note: Civil Engineering students enrolling in any CE course (except CE 4590) must have a C grade or better in the prerequisites for that course.

¹ *See Policy on Social Sciences and Humanities for Engineering Curricula. Six of these credit hours must also satisfy General Education Cross-Cultural Awareness and Science and Technology in Society Requirements.*

² *See advisor for approved list.*

³ *See advisor for approved list. Technical Requirements and electives may be used to complete an emphasis area in one or more of the following fields: Applied Fluid Mechanics, Construction, Environmental Engineering, Geotechnical/Geoenvironmental Engineering, Structural Engineering, or Transportation Engineering*
