

Student Steps for Bach to Grad (as of 2026)

Student goes to the [B2G Application link](#) (screenshot below) and fills out the information. Note that the GS6 Application term a student selects **should be the term in which they begin as an official graduate student after finishing their undergraduate degree**. They can still take graduate classes as an undergraduate before this graduate term.

The screenshot shows the B2G Application form on the Clemson University Graduate School website. The page has a purple header with the 'CLEMSON The GRADUATE SCHOOL' logo and a navigation bar with links for EXPLORE, ADMISSIONS, ACADEMICS, STUDENTS, and FINANCIAL/TUITION. The user 'Scott Phillips' is logged in. The form is titled 'B2G Application' and includes a section for 'Applicant Information' with fields for First Name (containing 'Test So'), Last Name, Email Address, Birthdate (with dropdown menus), and CUID. Below these fields, there is explanatory text about selecting the application term and program requirements. A 'Choose a GS6 Application' dropdown menu is present, followed by a 'Submit' button. The footer contains copyright information for 2019, contact details for the Graduate School, and social media icons for Facebook and Twitter.

B2G Application

Applicant Information:

First Name

Last Name

Email Address

Birthdate

CUID:

Please select which B2G application you are submitting. Your selection should reflect the program (Bachelor-to-Graduate) and the year you will be starting as a full-time graduate student after graduating from your undergraduate program.

EXAMPLE: if you are filling out this application in March 2026 requesting to take courses that begin in Summer/Fall 2026, and will become a full time graduate student during a 2027 term, you will select the 2027 application.

Bachelor-to-Graduate Program Requirements: 3.0+ undergraduate GPA, 90+ undergraduate credits. This program is non-binding and does not limit your choices upon graduation.

Choose a GS6 Application:

[Contact Us](#) | [Web Accessibility](#)

Once they have submitted the information in that portal, student will receive an automated email that looks like the below screenshot, where they can go, login, and continue their application.

Scott Phillips [Logout](#)

B2G Application

On the login screen (below) students login with their Clemson credentials:

Scott Phillips [Logout](#)

Login

To log in, please enter your email address and password.

Email Address

Password [Forgot Your Password?](#)

After logging in, students will see a screen that goes over requirements, eligibility, and regulations regarding the Bachelor to Graduate pathway and then will go to the screen (below) where they fill in their actual Bachelor to Graduate Application. At the bottom of the application, a student will indicate whether they want to continue into graduate school after completing their undergrad degree or not. **A “no” answer is essentially a Senior Enrollment plan instead of a Bachelor to Graduate plan.** The student will also enter their current undergraduate advisor’s email.

Signature Page

I certify that all of the information I have provided in this application is true and correct, and that I have not omitted any information regarding degrees earned or relevant coursework at other colleges or universities.

I also understand that if I provide false information, it could affect my admissions decision or my ability to enroll at Clemson University.

I further certify that I will notify the Office of Graduate Admissions of any changes regarding colleges or universities attended, and changes in the community standards section of the application.

I will submit all previous, current and future official transcripts for all institutions from which I have earned a degree or have completed relevant coursework.

I understand that all credentials become the property of the University and are not returnable.

By signing below, I agree that upon admission I will abide by the policies set forth in the [Clemson University Student Handbook](#) including the Student Code of Conduct and the [Graduate School Policies and Procedures](#).

Additional Note of Importance:

Some Clemson University programs currently lead to the recommendation of licensure or certification in the state of South Carolina. For students outside of SC interested in academic programs that lead to professional licensure or certifications, it is imperative you understand the regulations for your state PRIOR to enrolling in any academic program. For your convenience, please [check on the licensing requirements](#) for the state where you will seek employment. If you experience difficulty finding the licensure requirements for a specific state, please contact the program's advisor for help.

In place of your signature, please type your full legal name:

SP

Confirm

When a student submits, they will see the following status page (and will also receive an email with this information). **The first step in the two-step B2G process is done for the student.**

If a student needs to correct any items, they will receive email notifications to do so. After both the UG Advisor, the Graduate Program Coordinator, and the Graduate School approve in Slate (a separate process outlined in other materials) **the student will get an automated email with a link to add courses to their Bachelor to Graduate Plan, the second step in the two-step process.** When they click on that link, it will open this page.

Scott Phillips [Logout](#)

Bach to Grad / Sr Enrollment Course Request Form

Please enter the information for each course below. To enter additional courses, click the Add New Course link at the top of the page. As a reminder, UG students are limited to taking a total of 12 credits of grad level courses.

If the course being requested is to be counted towards the UG degree, you must fill out the "In Lieu Of..." field with the specific course or requirement group in order for the course to be marked as meeting the UG requirement. Additionally, if you have registered for an equivalent UG level course that should be dropped when the grad section is registered, the specific course must be listed in the In Lieu Of section for the Graduate School to drop that course registration.

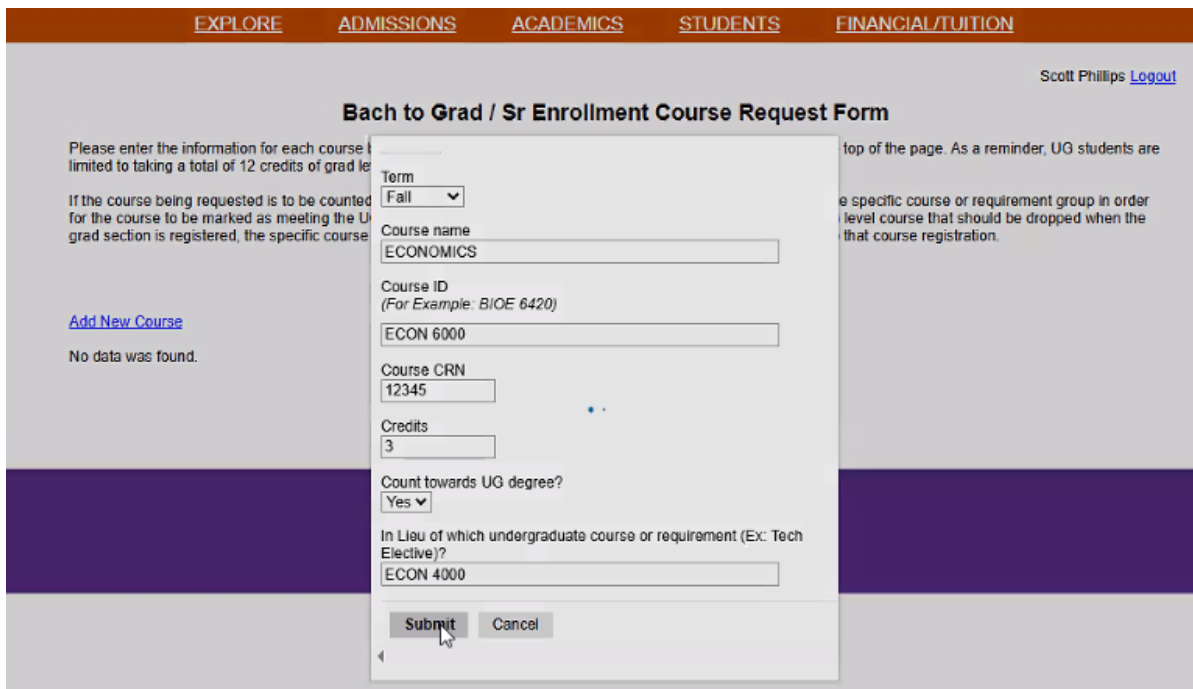

Courses

[Add New Course](#)

No data was found.

[Course Updates Complete](#)

The student then enters courses one by one, complete with the term, name, CRN, and whether they would like to request this to double count for an undergraduate course in lieu of something else (approval of which is contingent upon meeting the regulations surrounding Bach to Grad double counting, and approval from the undergrad program).

[Contact Us](#) | [Web Accessibility](#)

Once entered and submitted, the student gets this message:

Scott Phillips [Logout](#)

Your courses are currently being processed. Please contact your advisor with any questions.

If corrections are needed from undergraduate or graduate level, students will receive an email to make those corrections. Once approved at all levels (a separate process outlined in other materials) the student will be registered via the graduate school into those graduate classes.

Quick Reminders:

This entire process, including approval and entry into the classes by the Graduate School, must be completed by the first day of class in a given semester.

Students also **only fill out the application portion once**. Once they do that part, they never have to fill it out again. Once the application is approved, if students want to do graduate courses in subsequent semesters, they just need to go into the course portal and request courses. They will get notifications each October 15 and March 15 to remind them to go in and request courses.

The student does not input the graduate program coordinator, the UG advisor does that. The grad program coordinator does not get an email about course approvals until the UG advisor lists them.

Students can list summer and fall courses on the same course request form. Spring will be separate.

Students are not automatically enrolled in grad school once they are done with their undergraduate program. **They still need to respond to the offer of admission** which will go out the semester before they are set to begin.
