

## Piedmont Technical College & Clemson University: Engineering Course Equivalencies

CU COURSE	BioEngr.	Biosystems	Civil	Chemical	Computer	Electrical	Enviro.	Industrial	Materials Science	Mech.
<i>General Engineering Requirements: Highlighted in purple</i>										
You must achieve a grade of 'C' or higher in all General Engineering courses before changing your major into a specific engineering major. General Engineering courses are recommended prior to transfer, but not required.

<sup>a</sup> Options to complete lab science requirement

<sup>b</sup> Encouraged for those pursuing medical school

\*CHE students should take Clemson's CHE 1300 online over the summer prior to transfer to stay on track.

Students desiring to transfer into one of Clemson's 10 engineering majors must have completed a minimum of 30 hours of transferrable coursework with a minimum GPA of 2.7. This is a minimum requirement to be evaluated, and does not mean certain acceptance. The Undergraduate Admissions office makes all decisions on student acceptance. Admissions Office: 105 Sikes Hall, 864-656-2287. This worksheet is intended as information only and does not imply a contract with Clemson University. Courses valid as of 2019. All curricula are available online at: [www.catalog.clemson.edu](http://www.catalog.clemson.edu). If you have questions or need further advice, please contact the CECAS Transfer Director: Karen Thompson, at [kt@clemson.edu](mailto:kt@clemson.edu) or 864-656-2543.
