Prior to graduation all students must complete the Gen Ed requirements specified in their curriculum and in the Gen Ed guidelines.

- Some courses may fulfill multiple requirements at one time and are noted by bullets in multiple columns.
- All Clemson majors require a minimum of four gen ed courses, covering all of the requirements listed in the first six columns. See an advisor at Clemson to determine if you need more than those 6 requirements for your intended major.

This is only an advising guide and not a contract. The Undergraduate Announcements of your official curriculum year has the authoritative list.

Courses may change at the discretion of the university. Not all courses are offered every semester.
