

MECHANICAL ENGINEERING MAJORS:

EARN A MATERIALS SCIENCE AND ENGINEERING MINOR!

Materials are the basis for all engineering and also are the basis for much of the research in various areas of science.

The Minor in Materials Science and Engineering for Mechanical Engineering majors is designed to provide a stronger background in materials for careers in industry, government, or academia.

Required:

MSE 2100

+

Choose One:

ENGR 1410 or
ME 2040

Choose three technical requirements & ME professional requirements from:

- MSE 4070
- MSE 4160
- MSE 4170
- MSE 4280

- MSE 4320
- MSE 4530
- MSE 4580
- ME 4400
