STUDY ABROAD
SINGAPORE
SINGAPORE UNDERGRADUATE RESEARCH

DESCRIPTION
Spend 8 weeks in Singapore conducting research under the mentorship of Dr. Frank Alexis and faculty from Nanyang Technological University (NTU). Not only will this program allow you to grow professionally, but it will also help you to build lasting relationships with fellow students and researchers at NTU. Outside of your research experience, you will have the opportunity to explore Singapore and Southeast Asia.

PROGRAM HIGHLIGHTS
- Experience art and cuisine in what is considered the cultural melting pot of Asia
- Live in the one of the safest cities in the world
- Enjoy studying and living in Asia without a language barrier

COUNTRY VISITED
- Singapore

DATES
- Summer: June - July

FIELDS OF STUDY
- Bioengineering, Biological Science, Environmental Science, Pharmacy, Chemistry, Materials Science

COURSE CREDIT
- BIOE 4600 and BIOE 4910
