STUDY ABROAD
VIENNA, AUSTRIA

VIENNA CHEMICAL ENGINEERING SUMMER SCHOOL

DESCRIPTION
This intensive summer school laboratory program at the Vienna University of Technology (TU-Vienna) focuses on practical exploration of unit operations of process engineering, and is taught in English. The 4-week program involves lab experiments, short lectures (experimental data analysis/statistics, scientific report writing & oral presentations) and weekend excursions that demonstrate practical applications of the unit operation concept.

PROGRAM HIGHLIGHTS
- Practical exploration of unit operations of process engineering at lab scale
- Company and plant visits that demonstrate practical applications of unit operations
- Cultural events and organized weekend trips

COUNTRY VISITED
- Vienna, Austria

DATES
- Summer: July

FIELDS OF STUDY
- Chemical Engineering

COURSE CREDIT
- CHE 4070 (CHE & BMOL)
