CLEMSON UNIVERSITY COLLEGE OF ENGINEERING, COMPUTING AND APPLIED SCIENCES

STUDY ABROAD
FRANCE

BME: BIOMEDICINE AND GLOBAL PROFESSIONAL DEVELOPMENT - JULY

DESCRIPTION

Are you interested in a career in health care, traveling abroad and learning about health from a global perspective? How about gaining professional development while staying in a French château? You can do all of these and earn 6 BIOE technical elective credits. During this month-long program you will have free weekends to travel and explore on your own!

PROGRAM HIGHLIGHTS

- Tours include biomedical research institutions, medical facilities, and EU Parliament and the US Consulate visits.
- Students will be exposed to global professional development, intercultural experiences, and cultural intelligence and develop values for appreciation of diversity and sustainability and the ability to become world citizens and gain leadership experience.
- The program includes all accommodations at a French château in Strasbourg.
