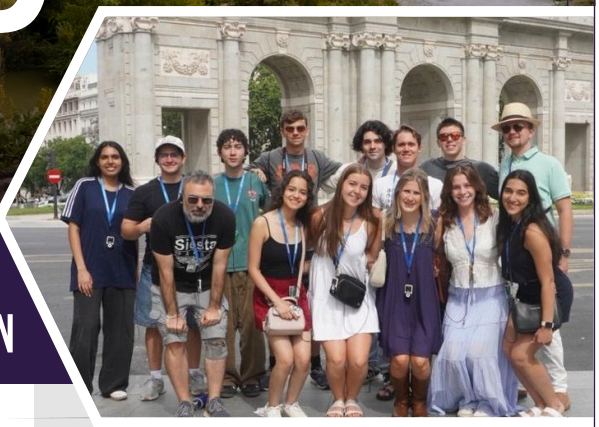
CLEMSON UNIVERSITY COLLEGE OF ENGINEERING, COMPUTING AND APPLIED SCIENCES

STUDY ABROAD
MADRID, SPAIN



CLEMSON-UNIVERSIDAD POLITECNICA DE MADRID SUMMER SCHOOL ON MATERIALS DESIGN & FABRICATION

DESCRIPTION

Take your engineering experience global! Study abroad with Clemson at the Polytechnic University of Madrid and explore the future of materials design and advanced manufacturing at the micro/nano scale. Discover technologies shaping what comes next in engineering.

Learn alongside Clemson faculty and local researchers while developing skills that can set you apart in the global advanced materials workforce. Then step beyond the classroom and experience Madrid. Grab tapas at Plaza Mayor, enjoy coffee at Puerta del Sol, and discover the city's incredible culture, events and energy. With convenient public transportation, Madrid is yours to explore!

Build advanced skills. Build your Resume. Build your global network.

PROGRAM HIGHLIGHTS

- Learn computational models and advanced manufacturing techniques at the Polytechnic University of Madrid (UPM), a leading institution on manufacturing in Europe.
- Visit world-famous attractions in Madrid, Castilla y León, and Castilla La Mancha. These are not-to-miss areas rich in history and culture relevant to Spanish and World history!
- Walk to class from your accommodation at a student residence close to downtown. Three daily meals are included in the program.

ENGINEERING, COMPUTING AND APPLIED SCIENCES

LOCATION
Madrid, Spain

DATES
May 29 - June 27, 2027

FIELDS OF STUDY
All Engineering, Chemistry and Physics Majors

COURSE CREDIT
ME 4930/6930 Integrated Computational Materials Eng. (3 credits), ME 4580/6580 Fundamentals of Micro/Nano Fabrication (3 credits)

HOW TO APPLY
www.clemson.edu/studyabroad
