

**David Ladner, Ph.D.**

**Associate Professor, Environmental Engineering and Earth Sciences**

- Research is geared toward making membrane-based water treatment processes more sustainable
- Has been at Clemson since 2010

David Ladner has studied Environmental Engineering since his undergraduate degree at New Mexico Tech in his home state in 2003. He completed Masters (2005) and Ph.D. (2009) work at the University of Illinois at Urbana-Champaign with Mark Clark as his adviser. Ladner was a postdoc with Paul Westeroff at Arizona State University, then came to Clemson as an Assistant Professor in Fall 2010.
