

SUMMER RESIDENTIAL ENTREPRENEURSHIP CAMP
JULY 20-24, 2026
PACKING LIST

Campers will divide their days between instructional sessions in the air-conditioned Brook T. Smith Launchpad, located at 390 College Avenue, and the air-conditioned Watt Family Innovation Center, located at 405 S. Palmetto Boulevard. Campers will also walk with staff between the residence halls, instructional buildings, and McAlister Dining Hall for meals. Our staff has organized group activities each evening. Some of the planned events include Entrepreneurship Game Night, the Launchpad Survivor Challenge, and a scavenger hunt. As with our entire schedule, evening activities are closely supervised by our professional staff to ensure a wholesome, safe, and fun environment.

Only Clemson University camps can use the dorms in the summer. Our camp will be using Cope and Young Halls for student housing. Only our camp participants and evening staff will have access to these residence halls. Cope and Young Halls are traditional residence halls featuring double-occupancy rooms with two Twin XL beds and community-style bathrooms, providing a classic college dorm experience. Community-style bathrooms are shared by residents on the floor and include multiple private shower stalls, restroom stalls, and sinks.

Staff will accompany students when entering and exiting the residence halls. Campers may not enter or leave the buildings without a staff member for safety reasons. Security cameras monitor entrances, stairwells, and other key areas. Rooms are assigned by age and gender, and no co-ed housing is permitted. Cope Hall will house female students, and Young Hall will house male students. Counselors and nurses stay in the residence halls, and nurses have 24/7 access to both buildings. All residence halls are air-conditioned and have a sink and mirror in each room.

Cope and Young have a water bottle refill station on the second floor in the hallway. All other floors have a water fountain.

Recommended Packing List:

- ✓ 5–6 pairs of appropriate length shorts and 5–6 shirts
- ✓ 5–6 pairs of socks and 5–6 changes of underwear
- ✓ 1–2 sets of pajamas or sleepwear
- ✓ Sneakers
- ✓ Shower shoes or flip-flops that can get wet and be worn in the shower and community-style bathrooms
- ✓ Robe or cover-up for walking to and from the community-style bathrooms before and after showering
- ✓ Sunscreen, hat, rain jacket or umbrella, and bug spray
- ✓ Phone charger
- ✓ Insulated water bottle (You will be able to refill it at the Launchpad, the Watt, the dining hall, and refill stations in the dorms. Staying hydrated is important!)
- ✓ 1–2 bath towels (to be used over four nights)
- ✓ Bedding: One set of Twin XL sheets and/or a sleeping bag, blanket, and pillow
- ✓ Toiletries: Deodorant, toothbrush, toothpaste, hairbrush, shampoo, soap, hair dryer, and any other personal items you may need.
- ✓ Medications in their original containers with labels that include the camper's name and dosage instructions (All camper medications, including both over-the-counter and prescription medications, except inhalers, will be stored and dispensed by camp nurses). Medications should be turned in to the nurses at check-in and will be returned at check-out.
- ✓ Campers may bring a few non-perishable, dry snacks if desired. Please note that there are no refrigerators in the dorm rooms. **No peanut products are allowed.**
- ✓ Optional: Backpack, laptop or iPad, and charger. These items may be used for educational activities; however, Clemson University is not responsible for any lost, stolen, or damaged items, including money.
