Note: A minimum grade-point average of 2.0 is required for registration in each HLTH course.
should meet the following requirements prior to the semester of application: a minimum cumulative grade-point average of 2.75, completion of a minimum of two required sciences in the Nursing curriculum with a C or better. Selection priority is based on grade-point average and number of completed nursing prerequisites. Students are allowed to apply only twice.

Information regarding the admission process to the Accelerated Second Degree nursing program can be found on the School of Nursing website.

Detailed information is available from the Academic Advising Center in 309 Edwards Hall or at www.clemson.edu/hehd/nursing.

15 or 16

124 or 125 Total Semester Hours

Notes:

1. Students scoring below the designated score on the CMPT must take MATH 1010 as a prerequisite for CH 1010 during this semester.

2. See General Education Requirements.

3. Students enrolled at the University Center of Greenville may substitute CPSC 1200.

4. Students enrolled at the University Center of Greenville will substitute NURS 4400 for NURS 3110 and 4150.

5. This requirement is satisfied by another course in the curriculum, elective hours must be taken to cover the credit hours.

### Registered Nurse BS Completion Program

The RN/BS curriculum offers an individualized study option for the registered nurse to obtain a baccalaureate degree in Nursing. Credits may be earned through an accelerated program of study, combining transfer credits for selected courses from accredited institutions of higher learning, credit by examination for previously completed nursing courses, and enrollment in courses at Clemson University. Qualified students may take up to six hours of graduate courses towards the master’s degree in Nursing. Registered nurses interested in pursuing a baccalaureate degree should contact the School of Nursing for curriculum requirements. This program is offered at the University Center of Greenville.

When space is available, a student may change majors to one of the degree concentrations in the Department of Parks, Recreation and Tourism Management with a 2.0 cumulative grade-point average and approval of the department chair or his/her designee. Students are encouraged to speak with a PRTM advisor about changing their major prior to the start of their sophomore year to avoid a delay in graduation due to course sequencing and course prerequisite requirements.

Graduate degrees offered are Master of Science (Thesis option or Online/non-thesis option) and Doctor of Philosophy.

COMMUNITY RECREATION, SPORT AND CAMP MANAGEMENT CONCENTRATION
The Community Recreation, Sport and Camp Management (CRSCM) Concentration prepares students for careers in community recreation, community- and campus-based sport and athletic management, and camp management by developing theoretical, conceptual, and applied knowledge bases necessary for success in its diverse field. The focus of this program is on community, family, and individual development. Career opportunities include, but are not limited to, community- and campus-based recreation, athletic and amateur sport programming and administration, facility operation and management, special events, fitness/wellness programming, camp management, and non-profit recreation, sport and leisure service administration.

PARKS, RECREATION AND TOURISM MANAGEMENT
Bachelor of Science
The Department of Parks, Recreation and Tourism Management prepares students for a variety of careers in the public, private and non-profit sectors. The curriculum provides broad exposure to the knowledge, skills and abilities necessary to create, manage, lead and operate in organizations, agencies and businesses that provide leisure and leisure-related experiences, services, environments and therapeutic interventions. Students choose from one of five concentration areas: Community Recreation, Sport, and Camp Management (CRSCM); Parks and Conservation Area Management (PCAM); Professional Golf Management (PGM); Recreational Therapy (RT); and Travel and Tourism (T&T). These concentration areas offer the flexibility to accommodate each student’s career objectives in positions in community recreation, community- and campus-based sport and athletic management, and camp management by developing theoretical, conceptual, and applied knowledge bases necessary for success in its diverse field. The focus of this program is on community, family, and individual development. Career opportunities include, but are not limited to, community- and campus-based recreation, athletic and amateur sport programming and administration, facility operation and management, special events, fitness/wellness programming, camp management, and non-profit recreation, sport and leisure service administration.

PARK AND CONSERVATION AREA MANAGEMENT CONCENTRATION
Students in Park and Conservation Area Management (PCAM) prepare for work as park rangers, planners, educators, law enforcement officers, and administrators of our nation’s federal, state, and county public lands that hold unique natural, cultural, and historic resources. PCAM focuses on helping visitors enjoy and appreciate parklands while protecting those resources for future generations. Besides taking coursework in PRTM, students study natural, cultural and historic resources by taking courses in related disciplines.

Freshman Year
First Semester
