Before you receive your 4-H project animals, you should locate the nearest veterinarian or person qualified to work with poultry, in case of an emergency. You also need to know your local 4-H and/or livestock Clemson Extension agents.

2022 4-H Poultry Project Options and Pricing – chick order deadline 3/1/22

$_______ Cost of 4-H Chick Order (refer to pricing page and breed selection)

$_______ SC 4-H Membership fee $15; Option: complete forms and pay $15 at www.v2.4honline.com

$_______ Sibling Fee, $10 per child participating in project; List names, ages:__________________

$_______ I already own a “backyard layer flock” and wish to participate in the project to complete a record book, local project activities, and showmanship ($10)

$_______ Total registration fees owed. (Submit chick breed/quantity selection form with your registration!)

Or register online www.clemson.edu/extension/4h/programs/ag-animals/livestock/poultry.html

I, _________________________________(4-H Member), agree to the responsibility of raising poultry. I understand the requirements and needs necessary for my animal to grow properly and maintain a healthy and safe environment for it. I also understand that a part of my 4-H project is:

(check that you agree)

☐ Bring birds back for the 4-H auction
☐ Participate in a 4-H poultry show
☐ Complete the 4-H Project Record Book
☐ Participate in clinics & NPIP testing

______________________________  ________________________________
(Participant Signature & Date)  (Parent’s Signature)
You are encouraged to research each breed before choosing your 4-H project birds. The breeds to choose from have been noted for their prolific egg laying and/or success in 4-H poultry projects. Each breed offered through the 4-H program will be coming from an approved NPIP hatchery. These are ordered as “pullets” and the hatchery guarantees 90% accuracy on sexing birds for the entire 4-H group order.

Chick pricing is based on the TOTAL number of chicks you order. **Be sure you order enough chicks to return (3-5) at the final 4-H auction and enough for your backyard!** Your county/regional 4-H poultry project coordinator can provide further information on the final 4-H poultry show and auction or answer questions.

### 2022 4-H Chick Breeds and Pricing – orders due 3/1/22

- □ 12 chicks = $40 (require returning 3 to auction)
- □ 25 chicks = $80 (require returning 5 to auction)
- □ Sibling Fee $10 each additional child (record book & showmanship)

(4-H Members participating in the final 4-H auction, bringing 20% of their original chick order will receive their 4-H chick “deposit” back after the final show/auction. Any returned fees/deposits, are ONLY from the chick prices, not additional sibling fees, membership fees, or show entry fees. For example, order 12 chicks at $35, participate in 1 show, and bring 3 birds back for the auction, then the $35 fee will be refunded to you as a “deposit” for completing the project. Additional awards/prizes earned may vary at county/multi-county, regional or state level.)

### 4-H Breed Choices:

- □ Golden Comet (Circle) 12 or 25 chicks
- □ Buff Orpington (Circle) 12 or 25 chicks
- □ Barred Plymouth Rock (Circle) 12 or 25 chicks

You can order with a credit card through:
https://www.clemson.edu/extension/4h/programs/ag-animals/livestock/poultry.html

Should you require special accommodations due to a disability, please notify your county extension office ten days prior to the event.

Clemson University Cooperative Extension Service offers its programs to people of all ages, regardless of race, color, gender, religion, national origin, disability, political beliefs, sexual orientation, gender identity, marital or family status and is an equal opportunity employer.
