In 4–H, we see that every child has valuable strengths and real influence to improve the world around us. We are America’s largest youth development organization—empowering nearly six million young people across the U.S. with the skills to lead for a lifetime.

4–H is delivered by Cooperative Extension—a community of more than 100 public universities across the nation that provides experiences where young people learn by doing. South Carolina 4-H Youth Development is the youth component of Clemson University Cooperative Extension, fulfilling our land-grant mission by taking research-based knowledge and educational resources to our state’s youth (ages 5-18). Kids complete hands-on projects in areas of health, science, agriculture, and citizenship in a positive environment, where they receive guidance from adult mentors and are encouraged to take on proactive leadership roles. Youth experience 4–H in every county and parish in the country—through in-school and after-school programs, school and community clubs, and 4–H camps.

Based on their interests and guided by adult mentors, youth develop their own pathway in 4–H. They select from a broad menu of local 4–H programs. There are hands-on and learn-by-doing opportunities for everyone. To find more information about ways you can get involved in South Carolina 4-H in your area, contact your local Cooperative Extension Office:

Importance of Leadership

South Carolina 4-H believes in the power of our youth. Everyone deserves the opportunity to step out of the crowd and become a leader. Often youth are missing the skills they need to be a successful leader. These skills are often referred to as “soft skills.” Unfortunately, youth are finding it hard to locate someone to teach them these skills. 4-H believes it is our responsibilities to teach youth the soft skills and offer them the experiences to learn how use those skills.

Through leadership programs like the South Carolina 4-H Teen Council Program, youth learn to further enhance their leadership, citizenship and communication skills. (The basic of these skills are taught on the county 4-H level and through other leadership opportunities offered by South Carolina 4-H.)

Before applying for a position on the South Carolina 4-H State Teen Council, teens are encouraged to experience other leadership opportunities offered by 4-H including but are not limited to the following:

- Serve as a club officer & chairman
- Participate in a county leadership/club officer training
- Serve on the county teen council
- Attend the State 4-H Ambassador Training and serve as a SC 4-H Ambassador
- Attend South Carolina Junior/Senior Weekend
- Attend the Pinckney Leadership Program
