

Nonrecourse Marketing Assistance Loans and Loan Deficiency Payments

OVERVIEW

The Agricultural Act of 2014 (2014 Farm Bill) authorizes nonrecourse marketing assistance loans (MALs) and loan deficiency payments (LDPs) for wheat, corn, grain sorghum, barley, oats, upland cotton, extra-long staple cotton, long grain rice, medium grain rice, soybeans, other oilseeds (including sunflower seed, rapeseed, canola, safflower, flaxseed, mustard seed, crambe and sesame seed), dry peas, lentils, small chickpeas, large chickpeas, graded and nongraded wool, mohair, unshorn pelts, honey and peanuts.

MALs and LDPs are marketing tools available to producers beginning upon harvest or shearing. The MAL provides interim financing at harvest time for to help agricultural producers to meet cash flow needs without having to sell their commodities when market prices are typically at harvest-time lows, allowing the producer to delay the sale of the commodity until more favorable market conditions emerge. Allowing producers to store production at harvest (or at shearing in the case of wool and mohair) also provides for a more orderly marketing of commodities throughout the year.

MALs for commodities are considered “nonrecourse” because the loan can be redeemed by repayment, or by delivering the agricultural commodity that was pledged as collateral to the Commodity Credit Corporation (CCC) as full payment for the loan upon maturity.

MAL repayment provisions specify that, under certain circumstances, producers may repay at less than the loan rate (principal) plus accrued interest and other charges. Alternatively, LDP provisions specify that in lieu of securing a MAL producers may elect to receive an LDP.

MAL repayment and LDP provisions are intended to minimize potential delivery, storage, and related costs of agricultural commodities to CCC. The provisions also are designed to avoid discrepancies in marketing loan benefits across state and county

boundaries and to allow U.S.-produced commodities to be marketed freely and competitively.

PRODUCER ELIGIBILITY

To be eligible for a MAL or LDP, the producer must:

- Comply with conservation and wetland protection requirements;
- Submit an acreage report to account for all cropland on all farms;
- Have and retain beneficial interest in the commodity until the MAL is repaid or CCC takes title to the commodity; and
- Meet adjusted gross income limitations (described in a later section).

COMMODITY ELIGIBILITY

To be eligible for a MAL or LDP, the commodity must:

- Have been produced, mechanically harvested or shorn from live animals, by an eligible producer and be in storable condition;
- Be merchantable for food, feed or other uses, as determined by CCC; and
- Meet specific CCC minimum grade and quality standards for nonrecourse MALs.

BENEFICIAL INTEREST

A producer retains beneficial interest in the commodity if both of the following remain with the producer:

- Control of the commodity. The producer retains the ability to make all decisions affecting the commodity, including movement, sale and the request for a MAL or LDP.
- Title to the commodity. The producer has not sold, or has not delivered, the commodity or warehouse receipt to the buyer. If delivered,

title may be considered to be transferred before the producer receives payment for the commodity. For example, title is considered transferred if a producer executes an option to purchase, without a provision that states that title and control remain with the producer, until the buyer exercises the option to purchase and the option to purchase expires at the earlier of:

1. The maturity of any CCC loan secured by such commodity;
2. The date CCC claims title to such commodity, or
3. Another date provided in the option.

Once beneficial interest in the commodity is lost, the commodity loses eligibility for a MAL or LDP and remains ineligible even if the producer later regains beneficial interest.

If the commodity is delivered to a buyer, processor, feedlot or mill that rejects the commodity because minimum standards are not met, beneficial interest shall not be considered lost by the producer if the commodity is returned to the producer.

The commodity is not considered rejected if the producer receives a reduced contract price for the commodity.

FINAL LOAN/LDP AVAILABILITY DATES

Producers may obtain MALs or receive LDPs on all or part of their eligible production anytime during the loan availability period. The loan availability period runs from when the commodity is normally harvested (or sheared for wool) until specified dates in the following calendar year. The final loan/LDP availability dates for the respective commodities are listed in **Table 1**.

NONRECOURSE MARKETING ASSISTANCE LOANS

Loan Rates

The 2014 Farm Bill sets national loan rates at the levels shown in **Table 2**.

County and regional loan rates are based on each commodity's national loan rate, and they:

- Vary by county or region and;
- Are based on the average prices and production of the county or region where the commodity is stored.

Loan Premiums and Discounts

Loan premiums and discounts are determined according to the grade and quality of a specific quantity of a commodity that a producer pledges as loan collateral. Premium and discount schedules vary by commodity and are applied to the loan rate in the county where the commodity is stored. On a per-unit basis, premiums are added to and discounts are subtracted from the loan rate only when the MAL is forfeited to CCC for all loan commodities except cotton and peanuts for which premiums and discounts are applied at the time a loan is made.

Interest

The interest rate charged on a commodity loan is set at one percentage point above CCC's cost of borrowing from the U.S. Treasury at the time the loan is made as required by Section 163 of the Federal Agricultural Improvement and Reform Act of 1996. After a loan is made, the rate is fixed except the interest rate for loans outstanding on Jan. 1 is adjusted to reflect CCC's cost of borrowing on Jan. 1, plus one percentage point.

Accrued interest is the amount of interest that accumulates while a loan is outstanding starting with the day the loan is made. Accrued interest is calculated by multiplying: (i) the applicable interest rate times, (ii) the ratio of the number of days under loan (starting with the initial day and continuing through the day prior to the day a loan is repaid) to the number of days in a year (i.e., 365) times, (iii) the loan principal. **Table 3** provides an example of how accrued interest is calculated.

Loan Settlement

MALs mature on the last day of the ninth calendar month following the month in which the MAL is

approved. A producer may settle an outstanding nonrecourse MAL:

- Before maturity period by repaying the MAL or;
- Upon maturity by forfeiting the commodity to CCC.

For all loan-eligible commodities except extra-long staple (ELS) cotton, a producer may repay a MAL any time during the loan period at the lesser of the:

- Loan rate plus accrued interest and other charges or;
- Alternative loan repayment rate as determined by CCC.

For wheat, feed grains and oilseeds, the CCC-determined alternative loan repayment rate is often referred to as the posted county price (PCP). PCPs are established and available at each local USDA service center. PCPs are based upon market prices at appropriate U.S. terminal markets, adjusted to reflect quality and location. PCPs are announced daily for wheat, feed grains, soybeans, canola, flaxseed and sunflower seed, and weekly for other oilseeds.

For peanuts, CCC determines national posted prices (NPP) for four types of peanuts and announces them weekly. For dry peas and lentils, CCC determines and announces regional posted prices weekly. For wool and large and small chickpeas, CCC determines and announces a national posted price weekly. For honey, CCC determines and announces the national survey price monthly. For long and medium grain rice and upland cotton, a producer may repay a MAL any time during the loan period at the lesser of the:

- Loan rate plus accrued interest and other charges or;
- Adjusted world price (AWP).

The AWP is the prevailing world market price adjusted to U.S. quality and location. Separate AWP's for long grain, medium grain rice and upland cotton are announced weekly.

Commodity Certificate Exchange

Commodity certificates are available to producers, beginning with the 2015 crop, to exchange collateral pledged to CCC for a MAL. Commodity certificates will be available for sale at USDA service centers to producers with outstanding nonrecourse MALs. The exchange rate will be the AWP for upland cotton or rice, the NPP for peanuts, or the PCP for other commodities, as applicable on the date the commodity certificate is purchased. Realized gains from the certificate exchange gains equal the amount by which the loan rate exceeds the repayment rate. Commodity certificate exchanges will not be available when the exchange rate exceeds the applicable loan rate. Payment limitation provisions do not apply to commodity certificate exchanges.

For further information, see the Commodity Certificate Exchange (CCE) fact sheet at www.fsa.usda.gov/factsheets, contact a local USDA service center or visit the FSA website at www.fsa.usda.gov/pricesupport.

Marketing Loan Gains

A producer realizes a marketing loan gain (MLG) if the MAL is repaid at less than the loan principal. The MLG rate equals the amount by which the applicable loan rate exceeds the MAL repayment rate.

Commodity loan gains realized from the commodity certificate exchange are not subject to payment limits or Adjusted Gross Income (AGI) provisions.

LOAN DEFICIENCY PAYMENT

A producer who is eligible to obtain a MAL, but who agrees to forgo the MAL, may obtain an LDP under certain market conditions. The LDP rate equals the amount by which the applicable loan rate where the commodity is stored exceeds the effective MAL repayment rate for the respective commodity. The LDP amount equals the LDP rate times the quantity of the commodity for which the LDP is requested. **Table 4** provides an example of how MLGs and LDPs are calculated.

OTHER REQUIREMENTS**Production Evidence**

A producer who repays a MAL at less than the loan rate plus accrued interest and other charges or receives an LDP may be subject to a spot check and must provide production evidence acceptable to CCC, such as evidence of sales, warehouse receipts, or load summary or assembly sheets.

Adjusted Gross Income Limitation

Beginning with the 2014 crop year, producers or legal entities whose average AGI exceeds \$900,000 are not eligible for MLGs and LDP payments; but are eligible for MALs that must be repaid at principal plus interest, or with a commodity certificate exchange.

Payment Limitations

Beginning with the 2014 crop year, there are payment limitations on MLGs and LDPs associated with the MAL or LDP programs. The total amount of payments received, directly or indirectly, by a person or legal entity (except joint ventures or general partnerships) for Price Loss Coverage, Agricultural Risk Coverage, MLGs, and LDPs (for commodities other than for peanuts), is limited to no more than \$125,000 annually. A person or legal entity that receives, directly or indirectly, payments for peanuts has a separate \$125,000 payment limit for those payments. Producers exceeding this limit are still eligible for MALs but must repay at principal plus interest. The indirect benefit realized by producers who forfeit their loan quantity to CCC is not subject to the payment limit.

For additional information on payment limitations for marketing loan gains and LDPs, visit www.fsa.usda.gov/limits.

Payment limitation provisions do not apply to commodity certificate exchanges.

All eligible producers entering into this agreement MUST meet marketing assistance loan eligibility and have beneficial interest in the quantities covered by this agreement for the applicable crop year when signing this form. A producer is considered to have beneficial interest in the specified quantities if the producer has ALL of the following:

- title to the commodity
- control of the commodity

File this form **BEFORE** loss of beneficial interest (title and control) to indicate your intentions to receive Loan Deficiency Payment (LDP) benefits for this crop year for all counties and all eligible harvested, sheared, or slaughtered commodities for the individual, joint operation, or entity identified in Item 1. The CCC-633 EZ - LDP Request (Page 2), Cotton LDP Request (Page 3), or Request for Wool, Mohair, or Unshorn Pelt LDP (Page 4) must be completed **BEFORE** the final loan/LDP availability date to receive LDP benefits.

PART A - TERMS AND CONDITIONS

- The LDP rate will be based on the earlier of: a) the date beneficial interest is lost as applicable to specific commodity provisions; or b) the LDP request date as submitted on the CCC-633 EZ (Page 2) Part E, or CCC-633 EZ (Page 4) for wool, mohair, and unshorn pelts. For cotton LDP's requested on CCC-633 EZ Cotton (Page 3), the LDP rate will be based on the information provided on Page 3.
- Quantities covered by this agreement were produced by the producer and not purchased or acquired directly or indirectly from any other source or committed under a marketing agreement to a Cooperative Marketing Association (CMA.)
- As a condition of receiving an LDP, a producer (or members of a CMA) must first resolve delinquent federal non-tax debt(s). The debt(s) must be resolved before the final loan/LDP availability date.
- CCC may request copies of contracts and supplemental documentation to determine eligible quantity and when beneficial interest was lost.
- If a Marketing Assistance Loan (MAL) is disbursed for a quantity covered by this agreement and the MAL is repaid at a price less than principal and interest, this agreement becomes null and void for that specific quantity.
- All producers with an interest in the quantity covered by this agreement must sign a CCC-633 EZ Part C, to obtain LDP benefits.

PART B - METHODS OF PAYMENT REQUEST (Request must be submitted by final loan/LDP availability date.)

- For quantities represented by verifiable production evidence under this agreement, submission of evidence in combination with Part E, Part N, or Part O of this form as applicable shall be considered a request for payment. Evidence must include sufficient data to determine producer and commodity eligibility and LDP rate.
- For quantities for which verifiable evidence is unavailable (i.e., certified quantities, fed quantities, quantities used for seed, silage, etc.), the request for payment shall be initiated by recording a certification of quantity on Part E, Part N, or Part O of this form as applicable. Additional information may be requested by CCC to determine producer and commodity eligibility and LDP rate.
- Submission of an eLDP shall be a request for payment. The CCC-633 EZ Part E is not required for that specific quantity.
- **For Cotton Producers Only:** Producer agrees: a) any request for a module lock-in or post-ginning LDP is irrevocable and cannot be cancelled or revised unless the LDP is denied due to AGI; b) any request for a gin-direct LDP is irrevocable on or after the date of ginning; c) entry of information on Page 3 of this application constitutes an irrevocable application for the Adjusted World Price (AWP) to be locked in on the date an accurately completed application is submitted for an LDP based on gin-provided documentation identifying the bales produced from the module/storage unit for which the AWP lock-in applies.

PART C - PRODUCER SIGNATURE AND CERTIFICATION (For additional signatures, complete CCC-633 EZ Continuation, Part C)

I/we certify all information entered on this form is true and correct. By certifying to the terms and conditions in Part A, the producer(s) hereby enters into this agreement with CCC for all eligible commodities. The producer(s) agrees: 1) any false claim or false statement may lead to civil liability or criminal prosecution; 2) LDP's may be selected for spot-check and the producer will be required to provide supplemental documents to determine program eligibility; 3) to forgo a commodity loan on the quantity requested for LDP unless a quantity is denied LDP due to payment limitation; 4) not to refund any LDP amount in order to obtain a commodity loan; 5) this agreement and subsequent payment request is subject to CCC determination of producer and commodity eligibility subject to 7 CFR Parts 1421, 1425, 1427 and 1434; 6) that CCC shall require refund of LDP, plus interest, from the date of payment if producer(s) and/or commodity is later determined ineligible by CCC; 7) CCC shall assess administrative penalties and/or liquidated damages in accordance with 7 CFR Parts 1421, 1425, 1427 or 1434, as applicable, if producer(s) misrepresented the eligible quantity and/or commodity covered by this agreement; 8) the maximum eligible quantity and yield determinations must equal the quantity and yield determinations for disaster or crop insurance e indemnity payments, when and if applicable; and 9) to submit the applicable CCC-633 EZ, Page 2, Page 3, Page 4 or an eLDP online request before obtaining LDP amounts.

18. PRODUCER'S CERTIFICATION - *The undersigned producer(s) ("Producer") requests a Commodity Credit Corporation (CCC) loan on the commodity identified in Item 5 with respect to the quantity specified in Item 17. For both farm and warehouse stored loan requests, the Producer certifies that, (1) the Producer has beneficial interest in the quantity of the commodity shown in Item 17; (2) the commodity is eligible to be pledged as collateral for a CCC loan; (3) the Producer has retained control of the commodity at all times; and (4) the commodity on which the loan is requested is free and clear of all liens, security interest, and encumbrances, except as shown above in item 8. In addition, for farm-stored loans, the Producer certifies that (1) the quantity of the commodity shown in Item 17 above is in existence and is stored in the bin(s) noted; (2) the commodity is in storable condition and such condition will be maintained; and (3) the structure will safely store the commodity through the loan period. The Producer further agrees for farm stored loans to (1) post CCC loan seals on bin(s) as instructed by CCC; (2) maintain the identity of the above identified commodity; and (3) not move or commingle the commodity with any other commodity without the prior written approval of CCC. For warehouse-stored loans, the commodity must be stored at one of the following: (1) a warehouse Federally licensed under the United States Warehouse Act; (2) a warehouse that has entered into a Uniform Grain and Rice Storage Agreement with CCC; (3) a warehouse licensed in a State with an operating warehouse licensing program that issues receipts meeting the criteria for a marketing assistance loan, and has requested and received a warehouse code from CCC; or (4) for peanuts, entered into a Peanut Storage Agreement with CCC.*
