Charleston & Dorchester County 4-H Embryology
School Enrichment Request Form
4-H Youth Development Clemson Extension

School: ________________________________ Is this a Title I School? ______
Primary Contact: ________________________________
Phone: ___________________________ Email: ________________________________
Grade(s): _________ # Classes: _______ # Students: ___________
Have you worked with 4-H before: ___________

Requested Start date for incubation: ___________
* 4-H Embryology requires a minimum of 30 days. The eggs will incubate for 20-23 days. Please time program accordingly. Incubator and chicks will need a secure location throughout the program.

Cost: $15/embryology kit. Teachers will receive an invoice from the 4-H staff after the project date has been discussed and confirmed.

4-H Embryology Kit includes:

- Pre-set Digital Incubator with an automatic egg turner
- 6-8 fertilized chicken eggs
- Egg candler
- Chick development calendar
- Chick brood box
- Chick Water Bottle & Feeder
- Brooder heat light with stand
- Shavings
- Chick feed
- Informational Notebook with detailed instructions for care of eggs and chicks
- 1 page reference guide to hatching and caring for chicks
- Set-up visit and 2 in class presentations from 4-H staff
Teachers read and sign below.

I understand that the 4-H Embryology project involves live animals and that it is my responsibility to ensure the animals’ safety while they are in my possession. I will have all youth that interact with the animals, or handle any items in contact with the animals, wash their hands before proceeding to another activity. By signing below I am agreeing to return the equipment in proper working order and to ensure the safety of the chicks involved in this program. I agree to return the requested 4-H Group participation form in a timely manner.
