

**SOUTH CAROLINA
HEALTH + PLANNING
ADVISORY COMMITTEE**
connecting health & planning in south carolina

The South Carolina Healthy Comprehensive Planning Project’s aim is to incorporate healthy eating and active living best practices into county comprehensive planning. The SC Health + Planning Advisory Committee leads this project with the role of “connecting health and planning in South Carolina”. The Advisory Committee has developed the following resources to support these efforts in the state.

SC Health + Planning Webinar – The webinar presents an overview of the South Carolina Healthy Comprehensive Planning Project and highlights the healthy eating and active living policy topics covered within the *SC Health + Planning Toolkit*.

SC Health + Planning Toolkit – The Toolkit is a healthy eating and active living policy guide for planning and public health in South Carolina. The focus of the Toolkit is to incorporate health-related planning principles into county comprehensive planning, with the overall goal of providing a policy resource to understand, evaluate, and impact local planning policy in the state.

South Carolina Healthy Comprehensive Planning Project: Baseline Report – An analysis of county comprehensive plans in South Carolina was conducted as part of the project. This report provides a baseline measurement of healthy eating and active living principles in county comprehensive plans across the state.
