Instead, the process and criteria for promotion from **senior** lecturer to **principal** lecturer are determined by departments/schools and shall be described in their TPR document.
h. Principal lecturers shall be offered five-year contracts with the requirement of one year’s notice of non-reappointment before July 15 of the penultimate year.

i. Individuals holding teaching, research, or public service appointments shall be informed each year in writing of their appointments and of all matters relative to their eligibility for the acquisition of tenure or promotion to senior or principal lecturer; this does not include faculty with tenured status and senior and principal lecturers not in their penultimate year of their appointments.

   (1) The Formal Complaints Board shall ensure that the Senior or Principal Lecturer it authorizes to consult during a particular formal complaint case is free from conflicts of interest and does not have an appointment in the same college as the complainant or any respondent(s).

   (2) Should both duly elected Senior or Principal Lecturer be ineligible to serve the Board on the basis of conflicts, college of appointment, or challenge, then the President of the Faculty Senate shall make a temporary appointment from the remaining campus body of Senior or Principal Lecturers after consultation with the Chair of the Formal Complaints Board.
This proposal...

  – It arose from the ad hoc FS committee.

  – Only senior lecturers would be eligible for promotion.
