STUDENT BILLING 101

STUDENT COMMUNICATION

- Students should set up their Clemson email accounts as the primary means of communication with the University.
- Students receive a statement by email on the first business day of each month that displays their charges, payments, and any balance due. We do NOT mail paper bills.
- Students will need their username and password to log into iROAR and navigate to the “Student Billing” tab (opens TouchNet).
- Through TouchNet, students may view and pay their bills, set-up their eRefund account, and access their 1098-T tax form.

AUTHORIZED USERS

Students may add an authorized user to their account via iROAR/TouchNet. Once logged into iROAR, click on the “Student Billing” tab and the “Authorized Users” link is located on the right-hand side of the main page of the bill.

- Authorized users may view and pay tuition bills, sign up for payment plans, access 1098-T tax forms and view monthly billing statements.
  (Note: Authorized users are not granted access to grades or enrollment records.)
