

GSCV — RECOMMENDATION FOR COURSE VALIDATION

Please read the following before filling out form:

All course work to be credited toward any of the master's degrees must have been enrolled in and completed within six calendar years prior to the date on which the degree is to be awarded. For example, a person graduating in the spring semester must have started and completed all course work within the 72-month period beginning with the summer term six years earlier. When recommended by the student's advisory committee and approved by the graduate dean, as many as six semester hours of course work at Clemson University completed outside the six-year limit may be validated by **written** examination. Such examinations will be under the direction of the department regularly offering the course or courses for which the student seeks validation. Course work completed outside the six-year time limit at an institution other than Clemson University may not be transferred to Clemson or validated for graduate credit.
