Introduction

Welcome to the Clemson University/State of South Carolina VISA Purchasing Card Program. Clemson University participates in this program as an agency of the State of South Carolina. The program is designed to help better manage low-dollar routine purchases and benefit job performance. The University and our vendors use of the purchasing card allows for a more cost effective process for purchasing. Those individuals who have buying responsibilities in departments are encouraged to be the departmental cardholder.

What is the Purchasing Card?

The Purchasing Card is a VISA credit card issued by Bank of America. Purchases must follow the State and University purchasing regulations and the card is to be used only for official University purchases.

The VISA Purchasing Card enables the purchase of non-restricted commodities, by telephone, in person, or via internet directly from vendors. Some of the items that can be charged on the Purchasing Card are office supplies, registration fees, Federal Express, UPS, utilities, international student programs and airline tickets.

It eliminates the need to issue Direct Purchase Vouchers for payment. Charges to your University accounts are made through the online system in the University’s WEB application. The VISA Purchasing Card is issued in the employee’s name with the State of South Carolina emblem, the wording "For Official Use Only" and Clemson University is clearly indicated on the face of the card.

The Purchasing Card program brings many benefits to the following:

- **Cardholders** - Items can be purchased directly from vendors without having to prepare a Direct Purchase Voucher for payment. This streamlines the purchasing process and improves the turnaround time on the receipt of orders. It significantly reduces the administrative workload and processing costs related to the purchase and payment of goods.
- **The University** - The Purchasing Card provides a cost-efficient, alternative method for purchasing low-dollar items. A built-in card feature makes the program easy to control and manage and reduces processing costs at all levels by reducing the
number of Direct Purchase Vouchers and checks issued. The Purchasing Card enables all departments to focus on high yield value added activities.

- Vendors - The Purchasing Card is welcomed by vendors who accept VISA. When they accept the card for university business purposes, vendors will not need to send monthly invoices to the University. They will receive payment directly from the VISA provider within 48 hours.

**VENDOR SET UP**

Cardholders should contact the Departmental Liaison or University Purchasing Card Administrator when encountering vendors who do not accept the card.

**VENDOR BLOCKING**

The University has established a Blocked Vendor List. Transactions will be blocked at the point-of-sale level at the types of vendors on the Blocked Vendor Listing attached to these procedures.

The University P-Card Administrator can authorize the temporary unblocking of an MCC code on an as needed basis. Upon receiving a request from a card holder or liaison, the P-Card Administrator will review the request and determine if, in fact, the blocking can be changed for a particular purchase or series of purchases, ensuring that such purchase will not be in violation of any other policies, procedures or regulations. The Procurement Director may be asked to give guidance as well. Once such a change is deemed authorized, the Administrator will work with the bank to have the MCC block changed temporarily for the particular card/purchase. Once the purchase is complete, the MCC restriction will revert back to the original set-up. Occasionally, P-Cards established for specific use, such as student travel, may be established with different MCC blocks from the start and maintained with those blocks at all times. This is determined at the time of issuing these specific cards in coordination with the card holder, liaison, business officer, P-Card Administrator, and Procurement Director. Any changes to MCC codes are captured in the history files in the Bank of America Works program.

VIOLATIONS PROCEDURES

Inappropriate, Unauthorized or Fraudulent Use of the P-Card

The following guidelines are established for various types of P-Card infractions or exceptions. Administrators should review these guidelines so they are aware of the range of disciplinary standards and what possible disciplinary actions may be taken against employees and be able to pass that awareness on to their employees.

Guidelines

The circumstances surrounding an offense, such as the severity of the infraction, the number of times it has occurred and any previous counseling, will suggest what action should be taken. A record of this action will be placed in the P-Card Policy Violation file maintained by the P-Card Administrator. The individual circumstances of the charge and the Cardholder’s history will be taken into account by the P-Card Administrator to determine an appropriate disciplinary action. At management’s discretion, individual offenses calling for counseling and written reprimands could cumulatively result in suspension or termination of card privileges.

Disciplinary Action Process

The first violation of the P-Card Compliance Policy could result in written notification sent to the cardholder, department liaison and department administrator, notifying him/her of the infraction, except where otherwise stated. The notification will be placed in the P-Card Policy Violation file and the department’s compliance file. For subsequent or more serious first-time violations, the P-Card Administrator will investigate the circumstances surrounding it and make a recommendation for appropriate discipline to the Director of Procurement based on the P-Card Progressive Discipline Guidelines and the P-Card Program Policy. The Director will determine what action will be taken up to suspension of card privileges. Should stronger disciplinary action be deemed appropriate it will require approval by the appropriate Vice President with the P-Card Administrator initiating such action. A written notice of action taken will be sent to the Internal Auditor and the appropriate Dean or Department Head.
