

**VETERINARY
DIAGNOSTIC CENTER**
Livestock Poultry Health

02.25.2022

Due to challenges in operating our incinerator, until further notice, the Clemson Veterinary Diagnostic Center will not accept dead animals for disposal or cremation. We will continue to accept dead animals for necropsy. We hope to resume disposal and cremation services in the future; however, we don't have an estimated timeline given the supply chain shortages.

Thank you for understanding and your patronage.

Sincerely,

RADHIKA KAKANI, DVM, PhD

Director, Microbiology Section Head
Clemson Veterinary Diagnostic Center
