Application Instructions

1. If you stock or offer for sale any fertilizer products in greater than 40 pound packages you are required to obtain a General Fertilizer Permit. There is no fee for this permit.
2. If you plan to offer for sale, the Restricted fertilizers; ammonium nitrate, urea, or anhydrous ammonia, as unblended, single-nutrient fertilizers, you are required to obtain a Restricted Fertilizer Permit. If you are not a SC fertilizer registrant there is a \$250 fee for the restricted permit.
3. If you require both a Restricted and General Fertilizer Permit, please complete only the Restricted Fertilizer Permit Application as it will suffice for both permits.
4. Complete the appropriate application below, along with appropriate fees (if required).
5. For questions, call 864.646.2140.
