TOBACCO APPLICATION REQUIREMENTS

Please read this carefully to be sure all requirements for certification are met.

- To be eligible for certification, foundation, or registered seed must be planted. A bill of sale or invoice and certification label must accompany the application to provide evidence of the source, quantity, and class of seed. A certification label representing each seed lot planted must be also be submitted with the application. Growers planting their own registered seed for production must show the lot numbers of seed planted.

- I hereby application for inspection of the crops listed below. My signature to this application is affidavit to the following:
  
  o That information submitted for verification of seed eligibility represents the total amount of seed used and that only the seed verified as the eligible seed source was planted in the field(s) described on the application.

  o That all equipment involved in planting, harvesting, conditioning or other handling of said crop(s), was or will be adequately cleaned to maintain purity of the seed.

  o That the identity of the seed will be maintained from harvest time to the time it leaves my possession through the use of an identification system as indicated by the S.C. Seed Certification Standards.

  o That I and/or other responsible for conditioning the seed are familiar with and will draw samples from the conditioned seed in accordance with approved sampling procedures in S.C. Seed Certification Standards.
