Turfgrass Proof of Planting

Grower/Company: _____ Variety: _____

Pre-Plant Inspection Date: _____

Source of Planting Material:

- Grower Name: _____ Grower Address: _____

- Field ID: _____

- Certificate issued: YES NO If YES, certificate number: _____

- Date Harvested: _____ Class of turf harvested: (circle one)
Breeder Foundation Registered

Field ID Planted: _____

Acres Planted: _____ Date Planted: _____

Land Requirements - Rules covering land prior to planting {

- A. A field to be eligible for the production of foundation, registered or certified turf must have been inspected and found to be free of all perennial grasses, objectionable and noxious weeds prior to planting.
- B. All Foundation and registered class grass will be produced on fumigated land beginning March 1, 2001 forward or inspected for an entire growing season and meet other standard requirements. Certified class turf may be planted on fumigated land and must comply with standards if fumigated.
- C. Land fumigated with approved material must lay idle for a period of not less than three weeks after fumigation and be inspected for compliance. Land must receive adequate moisture, (a minimum of ¾" per week) and soil temperature (60° F. at 4" soil depth) must be adequate to allow any live plants not eradicated by fumigation to emerge. Fields passing a preplant inspection prior to fumigation do not require a three or six week waiting period.

I attest that the information presented above is true and factual to the best of my knowledge and that to the best of my ability all protocols and standards of the SC Seed Certification Department were adhered to.
