

**SOUTH CAROLINA
SEED CERTIFICATION**

TURFGRASS APPLICATION REQUIREMENTS

Please read this carefully to be sure all requirements for certification are met.

1. To be eligible for certification, foundation or registered seed must be planted. A bill of sale or invoice and certification label must accompany the application to provide evidence of the source, quantity, and class of seed. Growers planting their own registered sprigs for certified sod production must indicate which field the sprigs came from.
2. Maps must be submitted for all fields.
3. Each field must be marked with a sign to identify variety and Field ID Number.
4. No site inspections will be completed until all documentation (certificate, invoice) is received with this application.

I hereby apply for inspection of the crops listed and agree to abide by S.C. Seed Certification Standards. My signature to this application is affidavit of the following:

1. That information submitted for verification of seed eligibility represents the total amount of seed used and that only the seed verified as eligible seed source was planted in the fields described on this application.
2. That all equipment involved in planting, harvesting, conditioning, or other handling of said crops, was or will be cleaned to maintain purity of the crop.
3. That the identity of the crop will be maintained from harvest time to the time it leaves my possession through use of an identification system as indicated in the S.C. Seed Certification Standards.
4. That the land which this crop is planted on meets land requirements specified for "Vegetatively Propagated Turf Grasses" in the S.C. Seed Certification Standards.
5. *You have provided all requested information to the Seed Certification office requested in this document.*

I appoint the following individuals as authorized representatives of this establishment. Only these Individuals will be allowed to complete Turf Grass Certification Certificates that are to accompany each shipment of certified grass.
