

SAVANNAH RIVER BASIN SURFACE WATER AVAILABILITY ASSESSMENT - MEETING 1 -

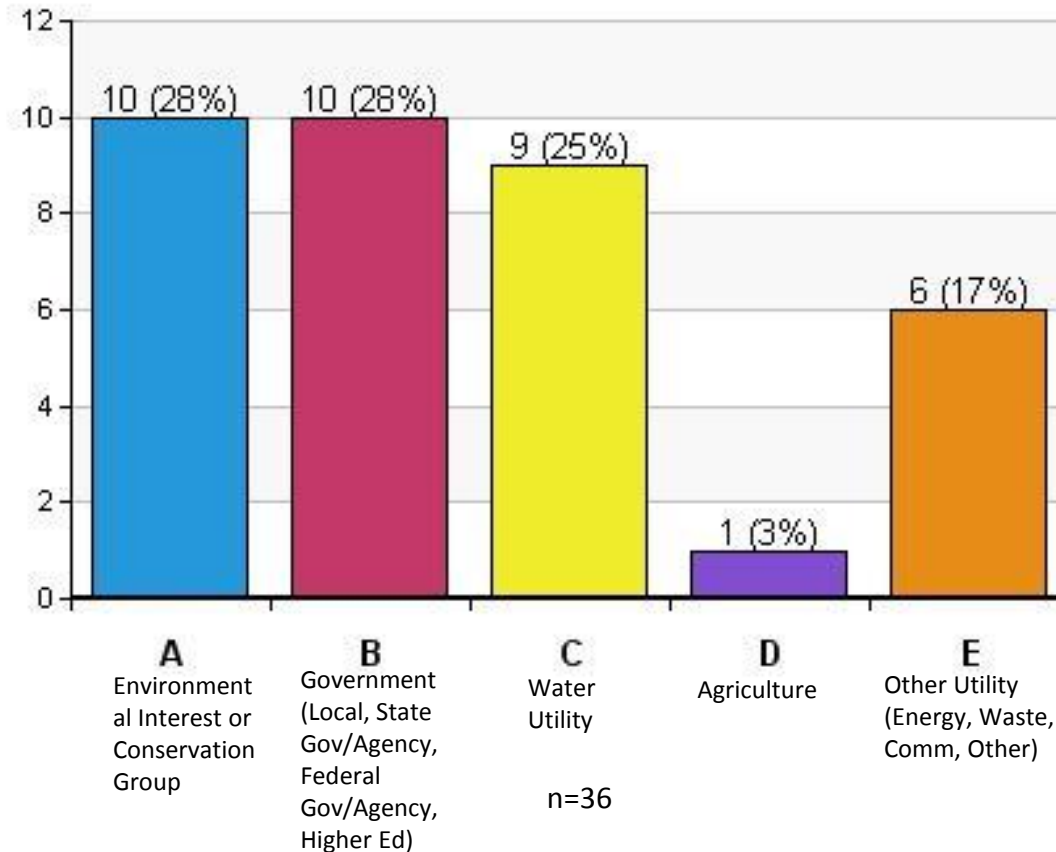

August 10, 2016

North Augusta Municipal Center

North Augusta, SC

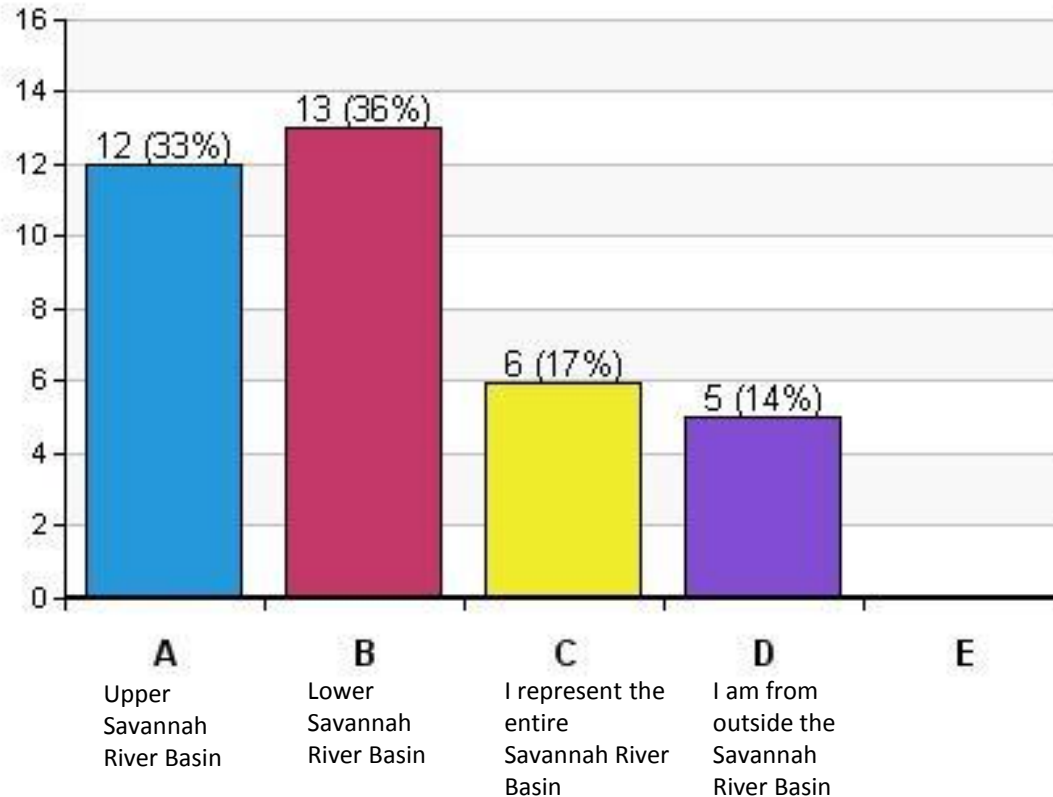

Which industry or organization type do you represent?

Savannah River Basin Surface Water Availability Assessment 8/10/16

Using the image below, identify what area (if any) of the Savannah River Basin you represent.

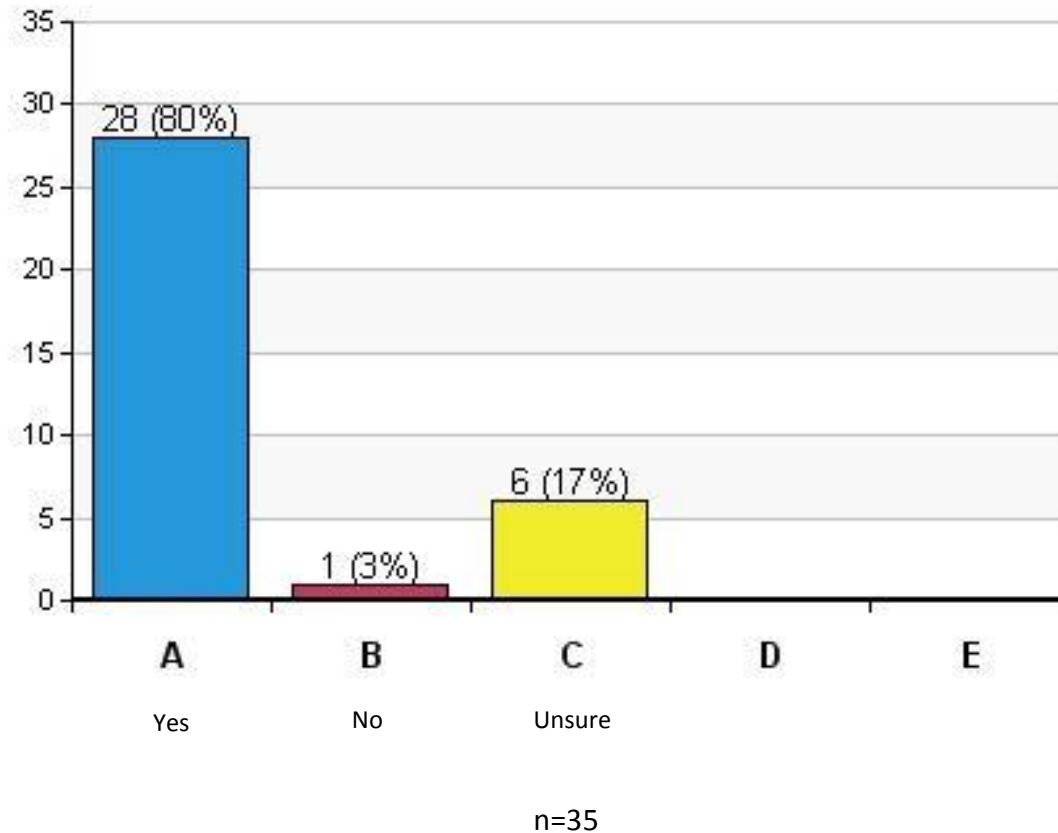

Savannah River Basin Surface Water Availability Assessment 8/10/16

n =36

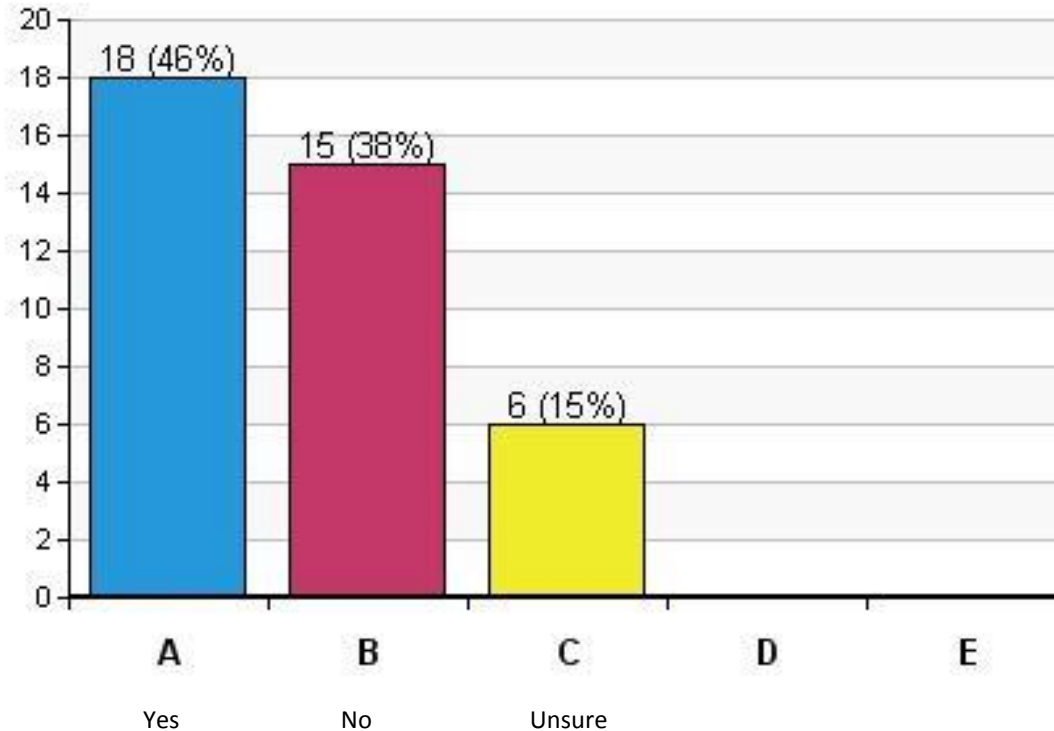

Do you intend to be involved in the entire stakeholder process for the Savannah River Basin?

Savannah River Basin Surface Water Availability Assessment 8/10/16

Do you intend to be involved in the entire stakeholder process for more than one basin?

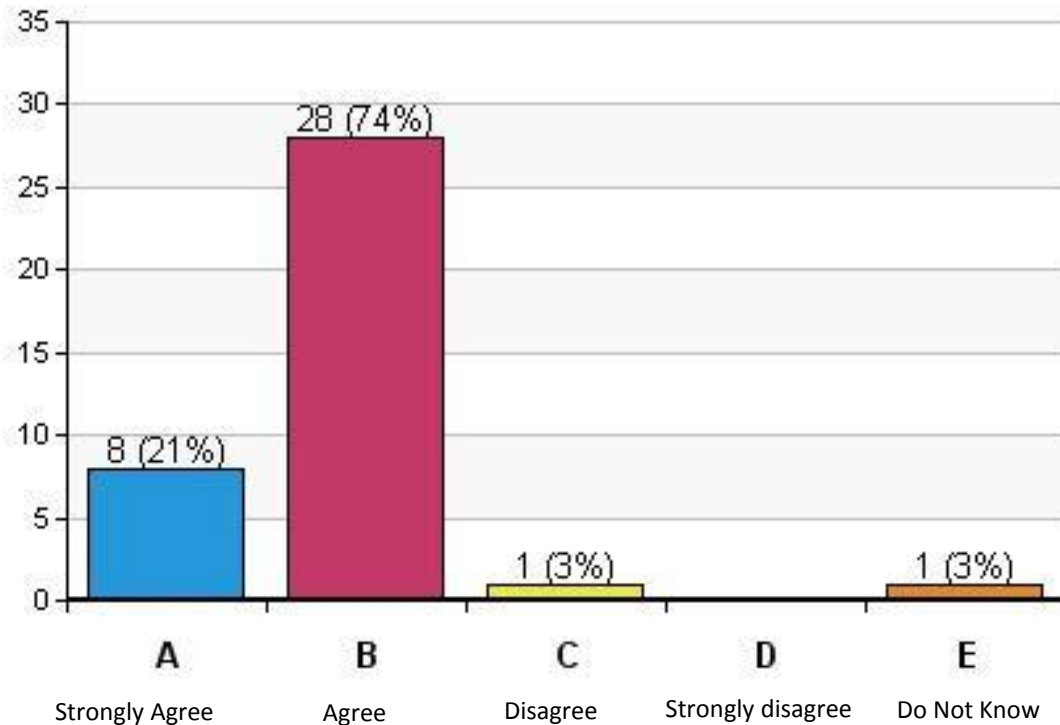

Savannah River Basin Surface Water Availability Assessment 8/10/16

n=39

In my opinion, the scope of the Surface Water Availability Assessment is appropriate.

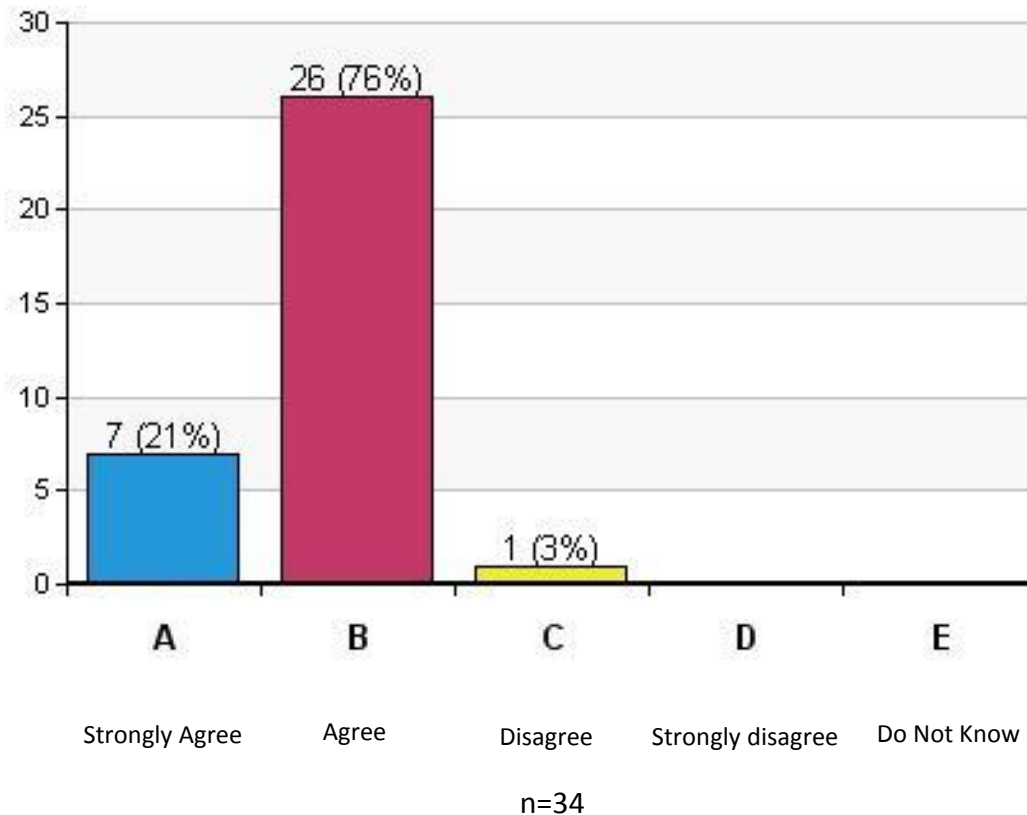

Savannah River Basin Surface Water Availability Assessment 8/10/16

n=38

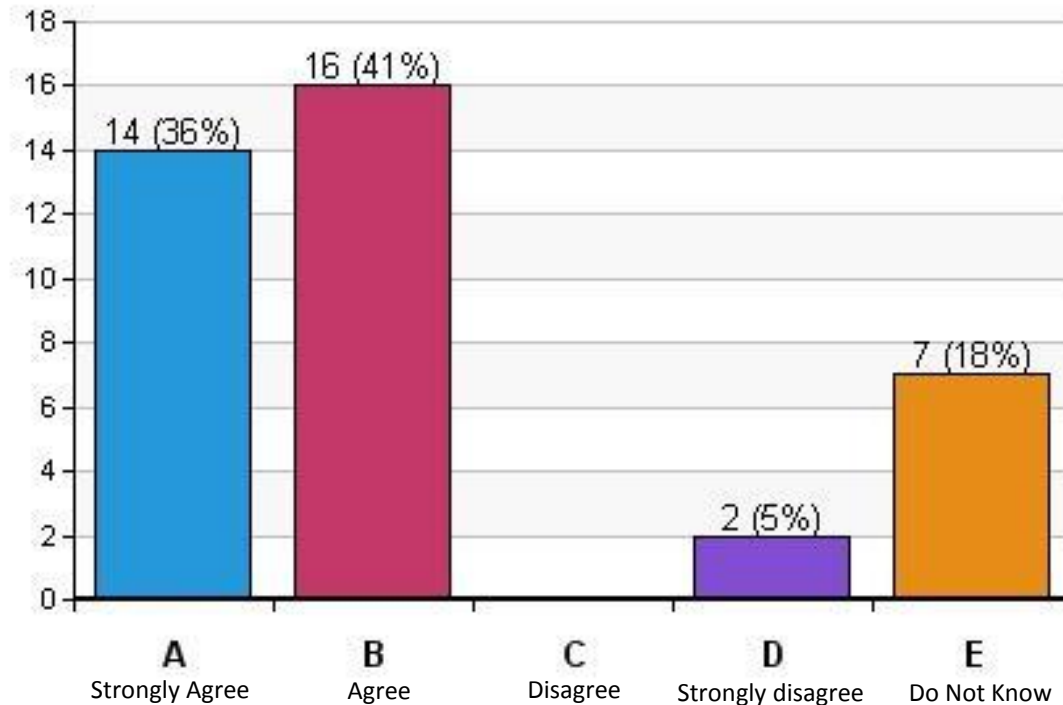

Would you agree that you are now more informed on the basics of the hydrologic model?

Savannah River Basin Surface Water Availability Assessment 8/10/16

I support additional financial resources for the State Water Assessment and Planning efforts.

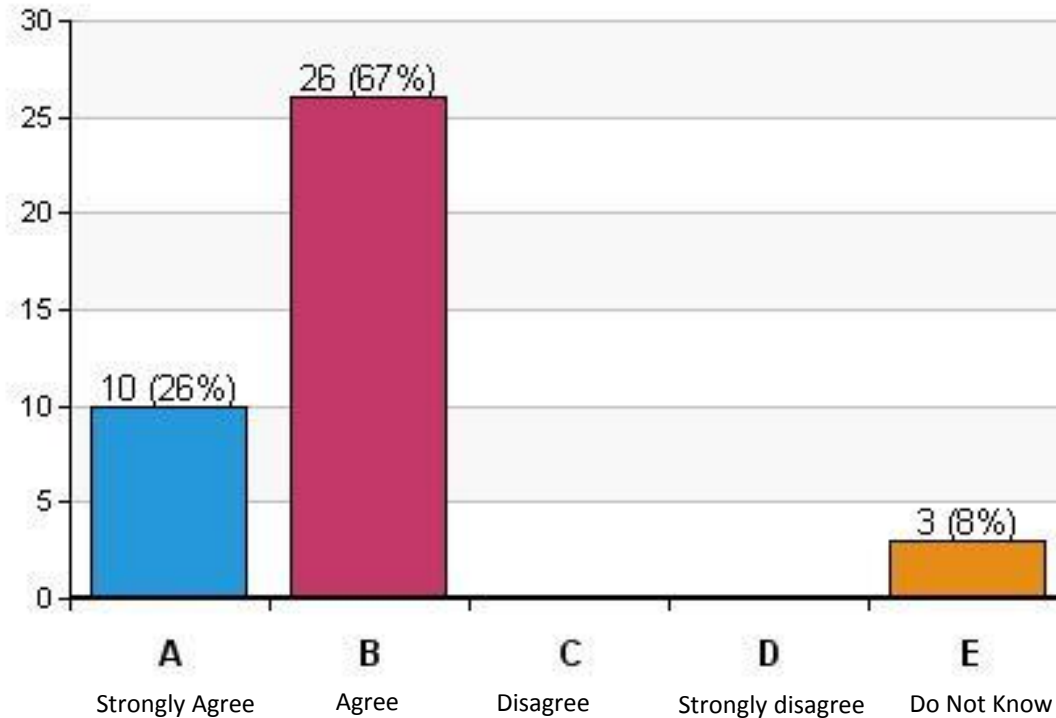

Savannah River Basin Surface Water Availability Assessment 8/10/16

n=39

Please select your level of agreement with the following statement:
The hydrologic model provides useful information for surface water users of the Savannah River Basin.

Savannah River Basin Surface Water Availability Assessment 8/10/16

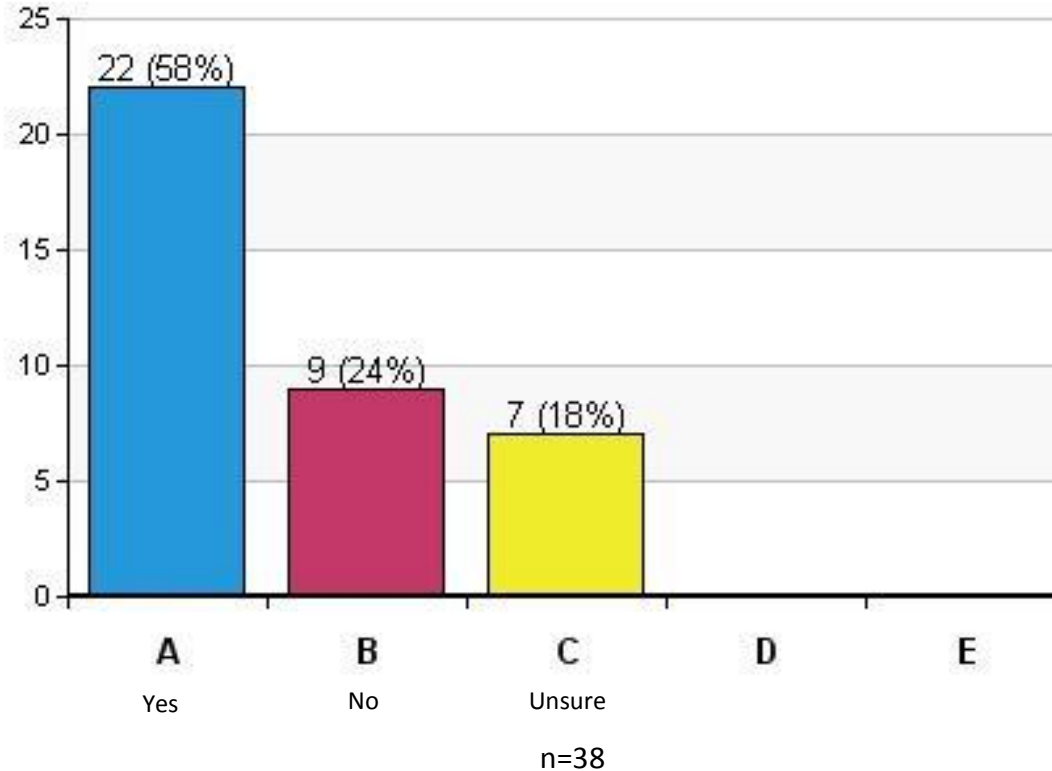

n=39

Are you interested in receiving training in using the hydrologic model?

Savannah River Basin Surface Water Availability Assessment 8/10/16

How important do you feel the surface water availability assessment is for water resources management?
