Clemson University Discussions on General Education & Student Learning

Featured Weeks on Core Content, Jan 22-Feb 9

**Why?**
Any general education plan must have courses in **humanities/fine arts**, **social/behavioral sciences**, and **natural science/mathematics**, according to SACSCOC core requirements.

**What?**
A series of featured weeks to answer the questions: What do we want students to be able to know and do in these courses? How do we know they have achieved it? (Note: Discussions on other learning outcomes – critical thinking, global learning, communication, etc. will be held Feb 12-Mar 2.)
